

Vision Elect™ HD

Flat Panel Monitor

Advanced High Definition Imaging

Today's imaging technology offers OR personnel unprecedented visibility into the human anatomy, and such advances demand high-definition monitor displays with superior output. Designed exclusively for surgical environments, the Vision Elect HD™ Flat Panel Monitor delivers incredibly lifelike images and remarkable detail combined with superior maneuverability due to its lightweight design.

Features:

- **21" high definition display with unparalleled resolution & clarity**
- **Lightweight 21" display (16.9lbs) for superior flexibility**
- **Easily toggle between standard and high-resolution video inputs**
- **New ergonomic interface allows consistent operation under OR condition**
- **Digital & analog inputs for seamless integration with any existing system**
