BESPOKE - PERSONALISED - EXCLUSIVE - CORPORATE

HELLO@THEARTYPENGUIN.COM

Proud of a special aspect of your shop, location, or celebrating a special event?

I was delighted to help *The Royal Zoological Society of Scotland's Highland Wildlife Park* celebrate the birth of Britain's first polar bear cub in 25 years. There was a massive increase in visitors after Hamish's arrival and the range of merchandise focusing on Hamish and his Mum, along with other new animals some of which also carried information helped raise funds and awareness for the *Park*.

Love one of my designs and want to make it more special to you? Wording can be added to existing product lines to make them a wonderful souvenir of your shop, organisation or location.

Need something to fit in with the ethos of your brand? We were delighted to have been commissioned by *Fat Face* to design a quirky range of Christmas card packs exclusively for them. I focused on their outdoor loving customer base and skiing roots rather than traditional imagery to produce cards that were as fun to send in their colourfully illustrated envelopes as they were to receive.

Trying to grow your brand in traditional or unexpected ways? I've worked with the *Metropolitan Police* to produce a repeat design that has been used on material by *Created by the Ridley's* hip flasks and has also been printed as a gift wrap to compliment their expanding gift collection. Corporate colours were adhered to and logos used to strengthen the brand presence in the marketplace.

Minimum quantities and fees apply but we'd love to help you grow your business so please contact us at **bespoke@TheArtypenguin.com** with your idea and we'll see how we can work together.

ABOUT US

CEINWEN CAMPBELL
07875269890
HELLO@THEARTYPENGUIN.COM

I'm Ceinwen, (pronounced Kine-wen) and I work from my home studio in Fife, Scotland. My unusual name has meant I've answered to many things in life but "Penguin" has kept on cropping up so when it came to a pronounceable, easy to spell business name it seemed the obvious choice to include it. The Arty Penguin is a small, family business run with the help of Paula, my studio assistant.

I've drawn, painted and created since I was a child. After a diverse period of studying art at The Glasgow School of Art and industrial design at Napier University of Edinburgh and an equally eclectic career in technology and finance at The Royal Bank of Scotland I returned to my first love, painting, when my children arrived.

Trundling around Britain in our VW bay window campervan with my Aussie husband and 2 young boys I started to paint castles and landscapes to sell in National Trust for Scotland shops. A few years and many twists and turns along the way, I'm now delighted to offer a range of British made stationery and homeware available in a variety of designs to tourist attractions, independent shops and High Street chains alike.

I have a network of British manufacturers who can work in a variety of quantities so I can scale up or down easily as you require.

From vintage cars to flamingos I hope there's something for everyone - if there's not let me know and I'll see what I can do about it...
