

RING SIZING GUIDE

To ensure accuracy, use a ruler in your home and measure either the inches or millimeters below to confirm they match.

If the rules do not match, check your printer settings.

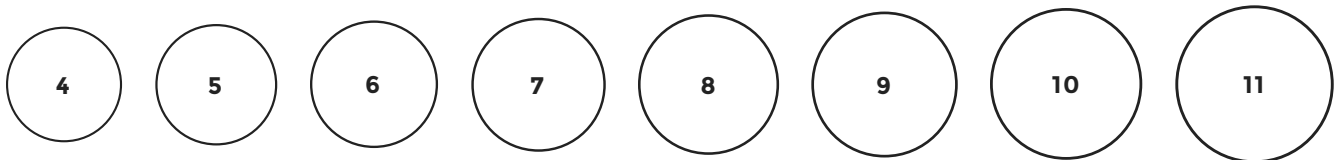

PRINT RING SIZER

Print and cut out the sizer below, and wrap it snug around your finger.

SIZE AN EXISTING RING

Use an existing ring that fits well and place it on the circle that matches the inside of your ring.

*If ring is halfway-between two sizes, it is considered a half-size up from the smallest size.

(ex. between 6 - 7 is a 6.5)
