Proposed Delivery Date: _____

UNDERSTANDING THE BASICS

Minimums

Custom orders are a minimum of 10 pcs per style and require to be paid up at time of order.

Turn Around Times

We quote 4 weeks for majority of all orders. Our time line is based off having print ready art work and payment complete. Certain times of the year we might be able to move quicker and other times we will tell you ahead that we need more time.

Design Work

We can do in house design for you at \$80 per hour with a minimum of 4 hours. Design work has to be pre-paid before we can get rolling.

Fulfillment

We can accommodate a bulk shipment to your location or create an online store that gives members the opportunity to place an order and have it directly fulfilled by us. Costing upon request and based off the extent of products being ordered.

Fits

Cadence Fit Kits are available in the U.S. (sorry we can't accommodate international customers yet) at your request. A credit card authorization of \$50 is required. Shipping of the Fit Kits is free both ways with the included return label. We ask that all Fit Kits are shipped back within 14 days of estimated delivery to the client. Any samples unreturned at the end of agreed upon time will be charged full MSRP to the credit card on file.
