13.0 RAW DENIM OZ JEANS

Raw denim is dry or unwashed denim. The denim has not undergone any of the usual washing and distressing processes from mass produced brands. It comes straight off the loom and is cut and sewn into jeans and then sold to you.

Shaka Wears Raw denim allows the wearer to personalize the pants for his unique shape, with creases and fade marks forming to his body type.

Tell your story with Shaka Wear's Raw denim.
