SELECTORIZED ELITE LINE

SNEAK PEEK OF A FEW MACHINES FROM OUR ELITE LINE

THE REASON FOR THE NEW ELITE LINE

Muscle D Fitness has become a force in the world of commercially rated fitness equipment. In keeping with the company commitment to bring the latest and greatest in strength and cardio equipment to the US, we are unveiling the best in sleek designs for selectorized machines. We search the worldwide market to offer our customers contemporary equipment. Our Elite Line machines feature

- Proprietary, strong yet sleek metal tubing.
- User-friendly instructional placards showing targeted muscles to use the machines.
- Innovative pneumatic seat height adjustments with easy to reach handles.
- Range limit adjusters for pre-stretch to fit any size user.
- Back weight shrouds for protection but the open design on the user side in order to see what weights are being lifted... positive reinforcement.
- Custom molded seats and backrests.
- Beautiful, carefully sculpted electrostatic powder coating.
