

Urban Access Backpack – Product Instructions

For more information please visit: www.thinktankphoto.com

TRIPOD ATTACHMENT

Step 1: Deploy tripod straps from side pockets.

Step 2: Deploy tripod cup and strap from bottom pocket.

Step 3: Place 2-3 feet in the tripod cup and secure strap. Secure top strap around the tripod head.

If the tripod moves from left to right, wrap the strap one full rotation around the tripod and secure.

SECURE SHOOTING POSITION

Loosen a shoulder on either side and drape the bag around your neck like a necklace.

WAISTBELT REMOVAL

Release hook/loop behind lumbar padding and pull out waistbelt.

WAISTBELT RE-ATTACHMENT

Align and secure "hook" on waistbelt with "loop" behind lumbar padding.

PASS-THROUGH DIVIDER LAYOUT To enable access from both side openings, position the dividers using the following steps:

Step 1: Position both reinforced dividers so that they span horizontally across the bag. Be sure to leave enough room for your largest lens.

Step 2: On the non-hinged side, feed the fabric tab through the closest webbing loop.

Step 3: Re-attach the fabric tab to the reinforced divider.

Step 4: On the hinged side use the same technique as listed above. Be sure to use the shorter fabric tab and not the tab with the additional wing.

HINGED DIVIDER LAYOUT To position one side opening with a hinge to support your camera body, follow these steps:

Step 1: Position both reinforced dividers so that they span horizontally across the bag. Be sure to leave enough room for your largest lens..

Step 2: On the hinged side, position the hinge to the desired position. Feed the longer fabric tab, with additional wing, through the closest webbing loop.

Step 3: Re-attach the fabric tab to the reinforced wing.

We warranty our products against manufacturing defects.
