## AN ALTERNATIVE TO ACUPUNCTURE

Dr. Larry Shaw

"I received my Chiropractic license in 1967 and Acupuncture certification in 1974 and practiced using both until 1995 and I have treated my wife since 1969. We have been married over 20 of those years. She has needed treatment almost daily for those 20 years for either headache, neck pain, back pain, or leg pain, and has had really bad headaches for too many years to try and pin down how long. She has been wearing the wristband now for about 4 weeks. During that time I have noticed that she no longer has the headaches, she doesn't need her neck, back, or legs fixed. We feel better in general and our sense of 'wellbeing' is much improved.

## CUSTOMER REVIEWS

Jason Oman,  
#1 Bestselling Author

"After everything I've seen & done over the years (Creating my #1 Best-Seller 'Conversations with Millionaires', being a Featured TV Success Story & meeting many different self-made millionaires, etc), almost NOTHING I have seen or done blew me away as much as the helpful results I got from using the Body Align wristband and discs! You see, I had SEVERE balance and memory challenges from a Brain Aneurysm that almost killed me 5 years ago and NOTHING seemed to really help me get any better until I put the Body Align stickers and wrist band on! Right away I could FINALLY stand up from a seated position without ULTRA severe balance and head rush issues! Before using the Body Align BRILLIANCE everytime I stood up from a seated position I felt like I was gonna pass out unconscious because of how SEVERE the head rush and balance issues were. My vision went pitch black and I felt like I was gonna pass out. But now, all the incredibly frustrating agony is finally GONE!! Now, from using the wristband and discs I can stand up from a seated (or laying) position without ANY of those harsh and dreadful issues any more!!! Thanks a MILLION for creating SUCH an amazingly powerful, brilliant, & SIMPLE solution!!"

# How to use the WELLNESS BAND

## When to Apply

Ultimate Wellness Wristbands are designed to be worn all day long for improved physical and mental performance and a reduction in pain. They can be put on upon waking and removed at least 1 hour before sleeping. Of course, they can also be worn for shorter times during the day. It is suggested that you not wear the Wristband when you sleep.

## How to Use

The Body Align Ultimate Wellness Wristband is extremely easy to use. You just slip it on your wrist. Make sure that the BA logo faces away from the middle of your wrist and the metallic looking holograms face toward your skin. That's all there is to it. Wear the wristband on either wrist. Experiment to see which is better for you. For convenience, you may want to avoid wearing the wristband on the same wrist that you wear a watch or other jewelry. You may wear a wristband on both wrists if that is your preference. Research shows that wearing a wristband on each wrist simultaneously produces more powerful results.

Body Align suggests using the Wristband in conjunction with other Body Align products to enhance their effectiveness. It is not recommended to use the wristband at the same time as the Sleep Disc.

Body Align Products are not negatively impacted by heat or cold, and water won't damage them. The Wristbands will remain effective so long as they are not physically damaged.

## Hydration

Proper hydration is extremely important for the body. It will also make Body Align Products work much more effectively. Body Align suggests hydrating by drinking at least eight glasses of water every single day. The water you drink should be highly filtered or spring water, and never tap water.

# THE KEY IS BALANCE

## The Secret To Wellness

Modern Western Medicine has been very successful since the early 1800's by focusing on germ theory, bacteriology, medicines, and surgery.

The Medicines in China and India have taken a different approach for thousands of years. They focus on the proper balance and flow of energy in the body... the energy that supplies the organs with what they need to function properly.

## When Energy Is Balanced

The organs throughout the body get the energy they need, and the body has the best opportunity to naturally heal itself without an excessive use of drugs or supplements.

## Supported by Research

Research has shown that the Ultimate Wellness Wristband is an effective way to simply and easily balance the energy in the body by using advanced biological signaling technology. It is the foundation for your own personal wellness program.
